What type of supervision are you seeking?

☐

Peer Supervision

Designed to meet requirements for the peer consultation component of Continuing Professional Development (CPD). In addition to 30 hours of CPD, psychologists require ten hours of peer supervision per registration cycle.

☐

Clinical Endorsement Supervision

For registered psychologists who wish to work towards full membership of the APS College of Clinical Psychologists and Psychology Board of Australia endorsement as a clinical psychologist.

☐

Pathway Supervision

Known more commonly as 4 + 2 and sometimes 5 + 1, this is for provisionally registered psychologists wishing to gain full Psychology Board of Australia registration as a psychologist.

☐

General, Non-Psychologist Supervision or Mentorship

For health practitioners from disciplines other than psychology (eg. social workers, mental health nurses, or other mental health workers) in order to maintain professional standards of reflective practice.
